

Program Overview:

The Full Stack Development Training Program is divided into two key phases:

Note: To join The Phase 1 you have to pay Enrollment fee of ₹799, which will be refunded to you after you have selected to phase 2

1. Phase 1: Intensive Training(paid)

- **Front-End Development:** Students will learn and work with technologies like:
 - HTML, HTML5, CSS3, Twitter Bootstrap, JavaScript, and jQuery.
- **Back-End Development:** They will explore server-side development with:
 - Node.js, Meteor.js, Angular 2, PHP, and Ruby on Rails.
- **Database Management:** Students will gain expertise in:
 - MySQL, PostgreSQL, MongoDB, CouchDB, and Apache Cassandra.
- **Other Essential Technologies:** Additional key technologies covered include:
 - Memcached, Redis, Apache Lucene, Apache Solr.
- **Debugging and Version Control:** Students will use tools such as:
 - GIT, Subversion, Task Runners (Grunt, Gulp), and Debuggers (Xdebug, Firedebug).

Each technology is accompanied by functional projects that students will build with the help of instructors. A few of the exciting projects in this program include:

- **PHP Job Board**
- **AJAX Github Profile Finder**
- **RESTful JSON API**
- **SASS Template Page with Cache/Memcached**
- **PHP MySQL Messaging App**
- **HTML5 Note App Using LocalStorage**

These are just a few examples of the **40+ projects** included in the program, offering students practical experience with modern technologies.

2. Phase 2: Paid Internship

- After successfully completing the training and submitting a final project validation, students will join us as **paid interns**, with a stipend ranging from **₹18,000 to ₹26,000 per month**.
- During the internship, they will work on real-world projects under the mentorship of experienced professionals. Successful interns may be considered for full-time employment at Aasan Mart.

Benefits for Students:

- **Direct Internship:** After completing the training, selected students will be hired directly as interns without any additional selection process.
- **Hands-On Experience:** This is a valuable opportunity for students to enhance their technical skills by working on practical projects.
- **Certification:** Students will earn a **Full Stack Development Trainee Part-Time Intern** certificate, which will be a valuable asset for their professional development.

How Students Can Apply:

Students interested in this opportunity can apply through our website Aasanmart (aasanmart.com/internship) . After applying, they will receive an email detailing the next steps and the full training process.
